The purpose of this amendment is to issue a general clarification and respond to questions received by the Government regarding the solicitation.

1. General Clarification

The primary purpose of the pre-application process is to evaluate ideas before offerors expend resources on preparation of a comprehensive proposal. It's incumbent upon offerors to make the determination where their idea fits. If an offeror has an idea that addresses the technical requirements set forth in the solicitation, the offeror should prepare the six-page pre-application. It is the offeror's decision to determine if their closely related ideas which fit within an Area of Interest should be addressed in one, or more than one, pre-application.

2. Solicitation Questions/Responses

Question 1: "What is the mailing address for Pre-applications?"

Response to Question 1: Section III, Provision 3.2 of the solicitation is revised to include the following mailing address for Pre-applications:

U.S. Department of Energy
National Energy Technology Laboratory
P.O. Box 880, Mailstop I07
3610 Collins Ferry Road
Morgantown, WV 26507-0880

Telephone Number: (304) 285-4242
Fax Number: (304) 285-4683
E-Mail Address: lkuzni@netl.doe.gov

Question 2: "Can a foreign entity participate in Step 1 of the solicitation?"

Response to Question 2: There are no eligibility restrictions for offerors under Step 1 of the solicitation. However, successful applicants are subject to Section 2306 requirements of the Energy Policy Act (EPAct) prior to award (see Provision 2.28).
